

# Thinking Allowed.

*faith, art and activism in conversation*

Join us as we resume our regular meetings together to reflect and share on matters of faith, life, art and activism.

We'll spend our first meeting talking about our experiences and feelings – and where we've found God – since we last met in February 2020, and deciding on the focus for future meetings.

As always – everyone welcome: come along as and when you can.
